

Reprint Labels

After printing a label, if the nurse accidentally ruins or loses it, here is how to re-print

Try It Out

1. First, once the order is placed, be sure to *Acknowledge* it from the **Summary** activity and then you will see the “Print Label” task on the **Work List**

Work List Tasks

Current Shift: 08/29/16 0701-1901 Start Date: 8/29/2016

+ Add Task Time View Filters: My Discipline Default? Show: ☐ Completed ☐ Discontinued

Time	Task	Priority	
MAR			
Q4H PRN	Administer ondansetron (ZOFTRAN) injection 4 mg	Routine	Doc
HS PRN	Administer temazepam (RESTORIL) capsule 15 mg	Routine	Doc
MULTISTEP COLLECTION			
1433	Print Label for Acetone, urine, qualitative	Routine	Print Label

Collect specimens for Interfacetwo Test, Female, 27 yrs, MRN:700000778
