

Patient Movement Inpatient to Skilled Nursing Facility

This tip sheet includes the workflow for moving a patient from Inpatient to a skilled nursing facility. In Epic this is going to be a Discharge. With a "Transfer" order.

Try it out

1. The provider has completed the Medication Reconciliation.
2. Click on the Summary Activity to acknowledge your Orders.
3. Acknowledge the Transfer Order.

Printing the Transfer Report

1. Open the patient's chart and go to the Summary Activity.
2. Select the Transfer Summary report. Hint: Search with the magnifying glass.
3. The Report is now ready to print.
