

Wound Care Charging

As you're completing your treatments and therapy with your patient, don't forget to capture your charges! This tip sheet outlines how to find, document, and file charges, and also includes a list of codes from your previous system matched to the new codes in Epic.

Find and Select Your Charges

1. In your patient's chart, open your Wound Navigator and go to the Charge Capture section

2. Your charges are organized into category "menus." Click the blue arrow to expand a category.
3. Select checkboxes next to each appropriate charge (you can select as many as needed at once).

Update and File Your Charges

4. Selected charges add to a list below for review. To delete any incorrect charges, click the X next to the charge.
